A Bible Study Calendar

BY WRETHA LANG

Complete the *entire* Bible in one year! Below are weekly assignments with coordinated content.

In 1998 I took a sabbatical from my musical activities. My husband asked if I would do a project that I had been talking about for years: a Bible study calendar. Although Scripture was always the Rock of my existence, I had never read it “cover to cover.” On many New Years’ eves, I had resolved to read the Bible through, but would get bogged down in Chronicles or Isaiah.

So I sat down at the computer with only my Bible and began—and completed the first four of 52 weekly study assignments. And then I could not stop! I worked on the plan for three days and as soon as it was completed, I began to read the Bible. I finished the entire Bible in a very short time and mentioned the plan to a friend who wanted to do the weekly studies with a group of women. They enjoyed it and I shared it with many other people, including an entire conference of pastors and church elders in the North American Division. I hope you enjoy it too!
